		THE WORD OF GOD BIBLE STUDY #7
		In our past studies we have been looking at the great things that are taught in the Bible, God's Word. By learning the Scriptures we have seen how much they can help us. We have been using the Bible rather than learning about the Bible itself. This study will bring out some of the good things that the Bible says about itself and how it affects us. This way we can grow in our trust and appreciation for the Scriptures.
